Hafny

About HAFNY

Hafny was established in 2012 with 26 years of experience in product manufacturing and mold designing. Hafny aims to provide its customers the best products at the most affordable price.

Devoted to manufacturing its products in Taiwan, Hafny has built an excellent reputation from its high-quality bike mirrors, grips, and pedals.

Hafny is located in a small town in the rural west side of Taiwan. Hafny is proud to provide local employment opportunities, and support local community events while creating eco-friendly products.

Owing to the environmental-protection laws of European Union, the regulation "Restriction of Hazardous Substances" (ROHS) was conducted in 2009 to dedicate more efforts for the earth environment.

MIRROR

High-quality Rearview-mirror **patent**

- Clear view
- Unbreakable even crashed (Stainless steel)
- Durable frame (High-impact nylon plus fiber)
- Assemble easily (Open clamp system)
- Adjustable angles
- Safe and eco-friendly

HF-MR080L

HF-MR080R

Lens Unbreakable stainless steel
Base Eco-friendly high impact nylon fiber
Clamp Aluminum ED Black
Application Flat 22.2mm diameter handlebars

HF-MR081L

HF-MR081R

Lens Unbreakable stainless steel
Base Eco-friendly high impact nylon fiber
Clamp Aluminum ED Black
Reflector White
Application Flat 22.2mm diameter handlebars

patent

HF-MR082

Lens Unbreakable stainless steel (62 mm diameter)
Base Eco-friendly high impact nylon fiber
Color Black / Orange / Green
Application Flat handlebars within 16mm~22mm diameter bar ends

Universal design for left and right

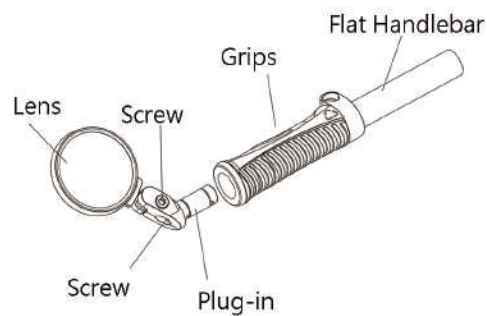

Grips are not included, demonstration purpose only.

patent

HF-MR083

Lens Unbreakable stainless steel (62mm diameter)
Base Eco-friendly high impact nylon fiber
Color Black / Orange / Green
Application Flat handlebars and drop bars within 16mm~22mm diameter bar ends

Universal design for left and right

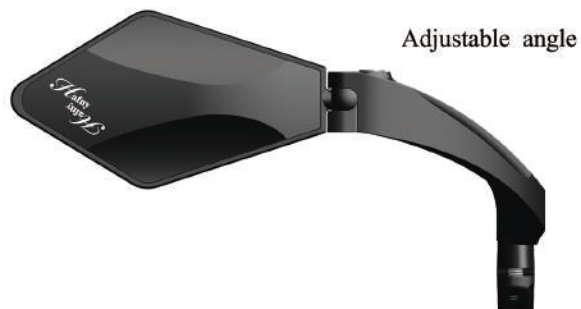

Universal design for Left and Right

patent

HF-MR085L

HF-MR085R

Lens	Unbreakable stainless steel
Base	Eco-friendly high impact nylon fiber
Clamp	Aluminum ED Black
Application	Flat 22.2mm diameter handlebars

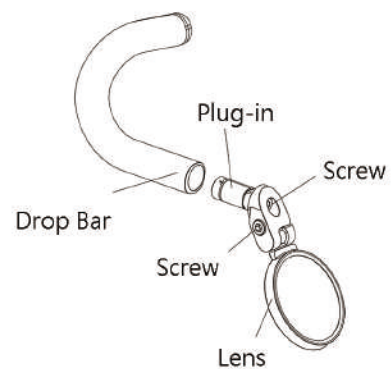

Aluminum clamp

patent

HF-MR086

Lens	Unbreakable stainless steel
Base	Eco-friendly high impact nylon fiber
Clamp	Aluminum ED Black
Application	Drop bars within 16mm~22mm diameter bar ends

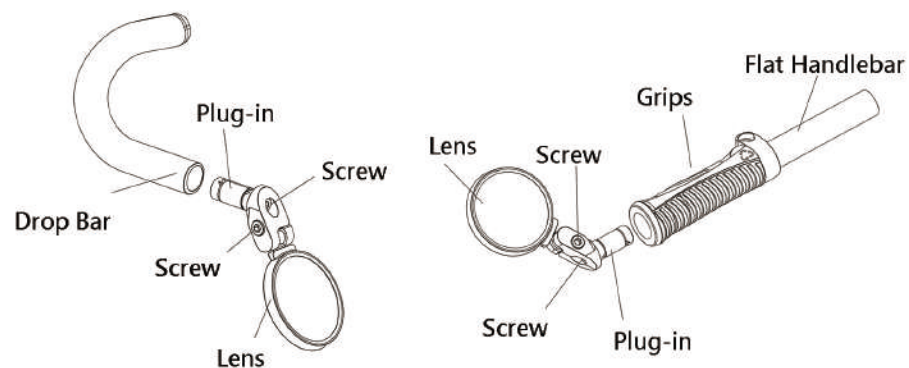

Hiding Lock-on design
Assembled in road cycling
Universal design for Left and Right

patent **NEW**

HF-MR087

Lens	Unbreakable stainless steel (68mm diameter)
Base	Eco-friendly high impact nylon fiber
Color	Black / Orange / Green
Application	Flat handlebars and drop bars within 16mm~22mm diameter bar ends Universal design for left and right

Universal design for left and right

patent **NEW**

HF-MR088L

HF-MR088R

Lens	Unbreakable stainless steel
Base	Eco-friendly high impact nylon fiber
Clamp	Aluminum ED Black
Reflector	White
Application	Flat 22.2mm diameter handlebars

Reflector standard

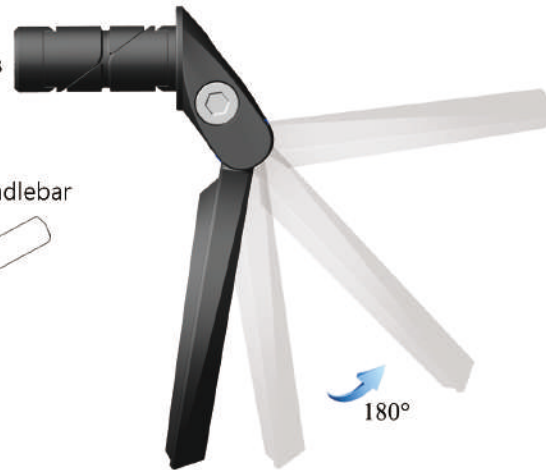

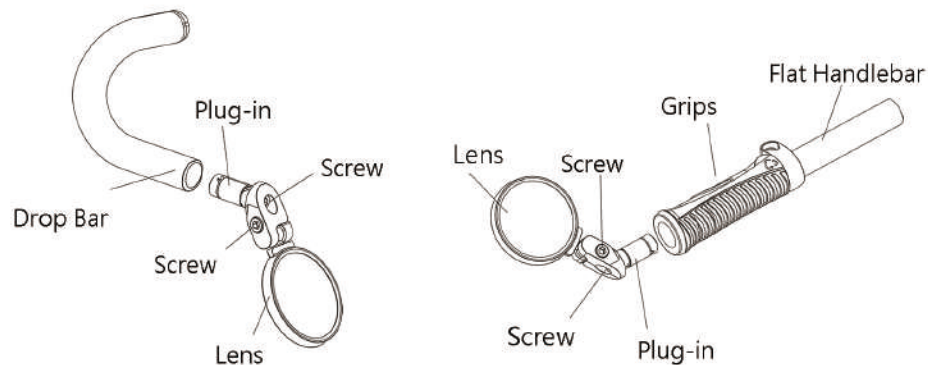

Japan

U.S.A.

U.K.

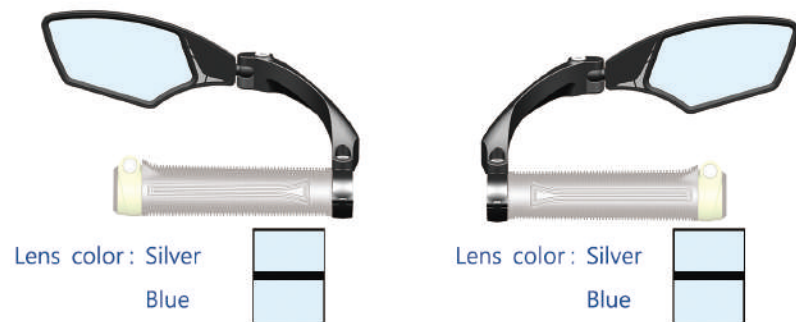

HF-MR090 **NEW**

Lens High-definition, blast resistant, anti-glare glass (62mm diameter)
Base Eco-friendly high impact nylon fiber
Application Flat handlebars and drop bars within 16mm~22mm diameter bar ends
 Universal design for left and right

HF-MR095L **NEW** HF-MR095R

Lens High-definition, blast resistant, anti-glare glass
Silver lens Anti-glare 50% eliminates glare in normal environment.
Blue lens Anti-glare 60% eliminates glare in bright environment.
Base Eco-friendly high impact nylon fiber
Clamp Aluminum ED Black
Application Flat 22.2mm diameter handlebars
Assembly Hex key 5mm
 Recommend 12kgf-cm torque

MIRROR **patent** High-quality Rearview-mirror

HF-100

Body Black+Gray (Eco-friendly TPR)
Clamp Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-101

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-102

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

GRIPS

patent

Grip and Bar-end can be independently adjusted depending on preference
US 7,866,002 B2

HF-150

Body Black+Gray (Eco-friendly TPR)
Clamp Aluminum ED-Black
Application Flat 22.2mm diameter handlebars
Trim line / DIY type
Cut to use with twist shifters

HF-151

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-152

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-500

Body Black+Gray (Eco-friendly TPR)
Clamp Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-502

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-505

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

GRIPS

The special design V-system makes the grip easily lock onto the handlebar

HF-550

Body Black+Gray (Eco-friendly TPR)
Clamp Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-552

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-555

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-600

Body Black+Gray (Eco-friendly TPR)
Clamp Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-602

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-605

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

GRIPS

Grip and Bar-end can be independently adjusted depending on preference

HF-650

Body Black+Gray (Eco-friendly TPR)
Clamp Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-652

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-655

Body Black+Gray (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

HF-210

Body Black (Eco-friendly TPR)
Clamp Liquid coating Green or ED-Black
Application Flat 22.2mm diameter handlebars

HF-220

Body Black (Eco-friendly TPR)
Clamp Liquid coating Green or ED-Black
Application Flat 22.2mm diameter handlebars

HF-250

Body Black (Eco-friendly TPR)
Clamp Liquid coating Green or ED-Black
Application Flat 22.2mm diameter handlebars

GRIPS

The special design V-system makes the grip easily lock onto the handlebar

HF-350

Body Black+Gray (Eco-friendly TPR)
Clamp Aluminum ED-Black
Fits flat handlebars of 22.2 mm in diameter
Fits flat handlebars with inner diameter of 16-22mm at the bar ends

HF-900

Body Black (Eco-friendly TPR)
Bar-end Aluminum ED-Black
Application Flat 22.2mm diameter handlebars

DIY type
Cut to use with twist shifters
Accord with ergonomics
Can lighten fatigue that hands hold effectively

PEDALS 4D-CNC machined / 3D Anti-skid surface

HF-1000

Body	Aluminum 6061 extruded 4D CNC machined / anodized
Axle	Cro-Mo / CNC machined Germany self-lubricating bearings+Sealed-ball bearings
Anti-cover	Eco-friendly high-impact nylon+fiber
Reflector	BS-6102/2
Size	97x93mm
Weight	173g / pc

EN 14766

silver red black

HF-1000 1050 1100 1200 The Husky Pedal

The Husky Pedal features safety and comfort, and it is designed for E-biking, city commutes, road biking, and trekking.

The concave platform and non-slippery pins provide the best security while riding.

The reflector, which is embedded into the pedal, has passed BS-6102 safety requirements.

The surface is high-impact nylon fiber, that is incredibly sturdy, durable, and easy to clean.

The Husky Pedal design is classic and will perform better than you expect.

Let the Husky Pedal lead you to safety.

HF-1050

Body	Aluminum 6061 extruded 4D CNC machined / anodized
Axle	Cro-Mo / CNC machined Germany self-lubricating bearings+Sealed-ball bearings
Anti-cover	Eco-friendly high-impact nylon+fiber
Reflector	BS-6102/2
Size	99x99mm
Weight	173g / pc

PEDALS

MTB TREKKING CITY ROAD E-BIKE

HF-1100

Body	Aluminum 6061 extruded 4D CNC machined / anodized
Axle	Cro-Mo / CNC machined Germany self-lubricating bearings+Sealed-ball bearings
Anti-cover	Eco-friendly high-impact nylon+fiber
Reflector	BS-6102/2
Size	85X95mm
Weight	164g / pc

PEDALS

4D-CNC machined / 3D Anti-skid surface

HF-1150

Body	Aluminum 6061 extruded 4D CNC machined / anodized
Axle	Cro-Mo / CNC machined Germany self-lubricating bearings+Sealed-ball bearings
Anti-cover	Eco-friendly high-impact nylon+fiber
Reflector	BS-6102/2
Size	85X85mm
Weight	166g / pc

HF-1200

Body	Aluminum 6061 extruded 4D CNC machined / anodized
Axle	Cro-Mo / CNC machined Germany self-lubricating bearings+Sealed-ball bearings
Anti-cover	Eco-friendly high-impact nylon+fiber
Reflector	BS-6102/2
Size	85X89mm
Weight	165g / pc

PEDALS

MTB TREKKING CITY ROAD E-BIKE

HF-1300

Body	Aluminum 6061 extruded 4D CNC machined / anodized
Axle	Cro-Mo / CNC machined Germany self-lubricating bearings+Sealed-ball bearings
Size	93x115mm
Weight	152g / pc

HF-1300 The Panther Pedal

Highlighting a thin platform and a light weight body (152g/pc), the Panther Pedal is ideal for road biking, trekking, city commutes, and mountain biking.

The Panther Pedal meets the EN14766 safety regulation standard and has passed the 90KG/300000 spins endurance test.

The 4D-CNC 6061-T6 aluminum body and anodized surface are incredibly sturdy and scratch-resistant.

With German made self-lubricating bearings, chromoly axle, and a wide platform (93mm*115mm), the Panther Pedal will let you ride comfortably and fast.

Non-slippery pins provide perfect stability and are designed to not damage your shoes.

Ride like a panther!
